RECOMMENDATIONS.

Chapter 296, General Acts of 1915, provides that the fee for examination for Certificate A (master) shall be \$25, and that for Certificate B (journeyman) shall be \$1.

10 STATE EXAMINERS OF ELECTRICIANS. [Jan. 1921.

An applicant who fails in his examination does not have his fee returned to him, but is entitled to one re-examination free of charge. For each subsequent examination the fee is \$15 in the case of Certificate A, and 50 cents in the case of Certificate B.

All certificates expire on the thirty-first day of July in each year, but may be renewed upon the payment of a fee of \$15 in the case of Certificate A, and 50 cents in the case of Certificate B.

The State Examiners of Electricians are of the opinion that the present fees of \$25 and \$15 in the case of Certificate A (master) are sufficient, but that the present fees of \$1 for first examination, with one re-examination free of charge, and 50 cents for each subsequent re-examination and 50 cents yearly renewal fee in the case of Certificate B (journeyman) are inadequate.

They therefore recommend that the fees for Certificate A (master) remain as at present; that the fee for Certificate B (journeyman) for first examination be increased from \$1 to \$5, with one re-examination free of charge, and that the fee for each subsequent re-examination be increased from 50 cents to \$1; and that the fee for Certificate B (journeyman) annual renewal be increased from 50 cents to \$1.

If these changes are made they would suggest that they should not become operative until the beginning of the fiscal year, Dec. 1, 1921.

Respectfully submitted,

PAYSON DANA, *Chairman,*
Commissioner of Civil Service.

PAYSON SMITH,
Commissioner of Education.

GEO. C. NEAL,
State Fire Marshal.

DEC. 16, 1920.
